

**INDIAN MEDICAL ASSOCIATION – PONDA BRANCH
DR. DHAIMODKER'S OCCUPATIONAL HEALTH & RESEARCH CENTRE
DR. VALLABH DHAIMODKER FOUNDATION**

Indian Medical Association Ponda Branch (IMA) and Dr. Dhaimodker's Occupational Health & Research Centre (DDOHRC) collaboration programs are conducted under the auspices of Dr. Vallabh Dhaimodker Foundation.

The programs have two modules:

1. Basic First Aid awareness program .

This module is providing basic knowledge regarding human anatomy (structure), physiology (function) and preliminary idea of entire human body.

2. Medical Emergencies Preparedness & Disaster Management.

This module is providing the information to First Aiders, Nurses, paramedics and Emergency management staff to handle emergency medical situations in a scientific way.

Each Batch shall accommodate up to twenty four participants on the basis of hall capacity. As per Indian Red cross society guidelines all norms of universal precautions are to be considered in view of Covid-19 Pandemic. Sitting arrangement of one participant in 4 sq mts area.
